2. Plug your Lookbook into your PC or Mac computer and turn on your device. Once your computer recognizes your Lookbook, a folder will display. Double-click on "Desktop Installer."
3. On the next screen, double-click on either Windows or Mac depending on your computer's operating system. The downloading will take a few minutes.
4. After downloading is complete, it will open the Kobo e-reader file and place an icon on your desktop that looks something like this.
5. Click on "create an account" and answer the questions.

6. Now, logon to the internet with your computer, not your Lookbook, and go to our website <http://jerseyvillelibrary.org>

7. Click on the Overdrive icon

9. Digital Software heading. Follow the instructions on the screen to download this software.

Below this text is a book listing for 'Breaking Dawn: The Twilight Saga, Book 4'. The listing includes a small image of the book cover, the title, the author 'STEPHAN LEE', and the format 'Adobe EPUB eBook (648 kb)'. To the right of the listing, it shows 'Checked out on: Feb 25, 2011' and 'Expires on: Mar 11, 2011'. Below the listing is a blue 'Download' button, which is highlighted with a red arrow. A link below the button reads: 'Click here to download the software needed to use this Adobe EPUB eBook title.'

A box will pop up asking if you want to open the file with Adobe Digital Editions. Click on “okay.”

21. Plug your Lookbook back into your computer and turn it on. It will again want you to download software—click on the X.

22. Go to Adobe Digital Editions—this should have opened automatically when your title was downloaded. You should be able to see the book jacket displayed on the screen. On the left-hand side of the screen, you should see “lookbook” under recently read.

Left-click on the book jacket and drag it to “Lookbook.” There will be a red box around a white X that will change to green. This will transfer the title to your Lookbook.

23. Click on “eject” on the Kobo e-reader screen and then unplug your Lookbook from your computer.
24. You are now ready to read your book on your Lookbook.
25. To return your eBook early, open Adobe Digital Editions and find the title you wish to return. Click on the drop-down arrow, and choose “Return Borrowed Item.”
